

# GLEN EDEN INTERMEDIATE SCHOOL

*Empowering learners for their future*

Te whakapakari i ngā ākonga e rite ai mō te animata

## KIA ORA AND WELCOME TO GLEN EDEN INTERMEDIATE SCHOOL

As the new principal, I'm thrilled to lead Glen Eden Intermediate School, where nurturing strong relationships is as central to our mission as fostering curiosity, growth, and success. We believe that a supportive environment, built on genuine connections, empowers our tamariki to explore their passions confidently, develop essential skills, and flourish not only in academics but also in the arts, sports, and leadership opportunities we offer.

I eagerly anticipate working alongside our incredible students, their whānau, and wider community to ensure every learner feels a deep sense of belonging, is truly valued for who they are, and is inspired to reach their full potential through meaningful connections with their peers and teacher.

Ngā mihi,

*Jonathan Hughes*

Principal / Tumuaki

## ABOUT GLEN EDEN INTERMEDIATE SCHOOL

*Nau mai, haere mai ki te kura o Glen Eden Intermediate.*

Glen Eden Intermediate is a vibrant and inclusive kura dedicated to supporting ākonga through this crucial stage of their education. We provide a dynamic learning environment where students are encouraged to explore, innovate, and grow, developing the skills and confidence needed for the future.

With a strong focus on academic excellence, creativity, and leadership, we offer diverse opportunities in sports, arts, and technology. Our committed kaiako and welcoming whānau ensure every student feels valued, supported, and empowered to reach their full potential.

At Glen Eden Intermediate, we embrace the values of manaakitanga (respect and care), whanaungatanga (strong relationships), and ako (learning together), fostering a love for learning that lasts a lifetime.

*Empowering learners for their future underpins our curriculum design. We offer a two-year programme that covers all learning areas and encapsulates our school values and learning dispositions. Glen Eden Intermediate students will be critical thinkers, problem solvers, effective communicators, and collaborators.*

## WHAT WE DO

At Glen Eden Intermediate, we empower ākonga with the skills, confidence, and strategies to succeed in their learning. We foster a supportive and inclusive environment where students have a voice in what, where, and how they learn, ensuring they stay engaged and motivated.

Our approach to teaching places students at the heart of learning. Through collaboration, creativity, and critical thinking, they develop the skills needed to become globally connected citizens.

Our diverse specialist programmes provide rich, hands-on experiences in areas such as music, dance, drama, technology, visual arts, and food technology, contributing to a well-rounded, holistic education that nurtures various talents and interests. These engaging classes encourage our ākonga to forge meaningful connections across different subjects through an integrated and innovative teaching approach.

We encourage students to embrace the many opportunities available culturally, academically, in sports, and beyond - so they can grow, lead, and thrive.

*Empowering learners for their future*

## HOW WE LEARN AT GLEN EDEN INTERMEDIATE

At Glen Eden Intermediate, we create a learning environment where ākonga are encouraged to be curious, think critically, and take ownership of their learning. Our classrooms are vibrant, supportive spaces where collaboration, creativity, and problem-solving are at the heart of every lesson.

We use a mix of modern technology, hands-on experiences, and real-world learning to engage students in meaningful ways. Our teachers foster a culture of ako—where learning is a shared journey between students and teachers.

With a strong focus on inquiry-based learning, students are supported to explore their interests, challenge themselves, and develop key skills for the future. Whether in the classroom, on the sports field, or through our specialist programmes, we ensure every student feels empowered to grow and succeed.
